### DUO ECO WASH

Eco Wash is a concentrated liquid detergent used to remove dirt, mud, oil film and road grime from all washable surfaces. It is suitable for use by manual application or via high pressure steam cleaning equipment. Eco Wash can also be used in applications outside the use of a general washing detergent including cleaning of Stainless Steel, Chrome, Aluminium, Plastics, Tiles, Floors, Glass, Carpets, Upholestry, Bathrooms & many more making it a great all round cleaner.

- Contains no noxious or hazardous solvents
- Completely bio-degradable and poses no threat to the environment
- Safe to use on most surfaces including soft metals, fabrics, plastics and paint
- Non-flammable and non-explosive and can safely be used in applications where other solvent-based cleaners are dangerous
- Contains a unique combination of emulsifiers and surfactants that ensures a totally clean and bright surface, free from grease or oil film

<b>40620</b>	Duo Eco Wash 20L
<b>40600</b>	Duo Eco Wash 200L

### DUO CRYSTAL WASH & WAX

Crystal Wash & Wax is a highly concentrated washing product containing detergents with the added benefit of carnuba wax to provide a high gloss finish & extra layer of protection to paintwork.

Crystal Wash & Wax is a biodegradable, free rinsing & solvent free based cleaner that is excellent for washing cars, motorbikes, trucks, boats and equipment.

- Leaves applications streak free without water marks and noticeably shinier afterwards
- Economical to use and can be used across a wide range of applications
- Contains no noxious or hazardous solvents
- Safe to use on most surfaces including soft metals, fabrics, plastics and paint
- Contains a unique combination of emulsifiers and surfactants ensures a totally clean & shiny surface that is free from grease or oil film
- Completely bio-degradable that poses no threat to the environment

### DUO SUPER CONCENTRATED SCREEN CLEAN

Super Concentrated Screen Clean has been formulated for use in vehicle windscreen cleaner reservoirs. It is a very effective cleaner for the removal of grease, dirt and bugs that build up on windscreens.

Super Concentrated Screen Clean only requires a small amount of product to be added to a washer reservoir to provide a good/clean result.

- Effective windscreen washer bottle additive
- Unique blend of surfactants will quickly and effectively remove grease, dirt and bugs from windscreens
- Ideal as a ready to use glass cleaner when mixed at the correct concentration with water
- Contains evaporative chemicals to enable quick drying and eliminate streaking
- Will not damage paintwork and is economical and safe to use

### DUO ECO-CLEAN

Eco-Clean is a multi-purpose cleaner that contains a powerful combination of citrus and eucalyptus oil designed to be the ultimate all in one cleaner.

Eco-Clean can be used to degrease engines, clean parts & tools, remove stains from furniture, mop floors, wash cars/trucks and many others uses.

- Formulated using naturally derived orange citrus oil, eucalyptus oil and the latest high performance biodegradable surfactants
- Provides excellent cleaning and degreasing results while being environmentally friendly
- Ideal for use in sensitive areas, yet still tough
- Can be used for cleaning of floors, driveways, parts & other general cleaning and may be used neat or diluted depending upon the severity of the soiling

<b>65020</b>	Duo Eco-Clean 20L
<b>65200</b>	Duo Eco-Clean 200L

### DUO PURPLE POWER

Purple Power is a heavy-duty water based caustic degreaser, designed to remove oils, carbon, baked on fats and grease from all surfaces.

Purple Power is ideal for heavy duty, industrial, agricultural and workshop cleaning jobs or where the toughest & most stubborn type of contamination is required to be cleaned away.

- Contains a concentrated blend of surfactants, wetting agents & a caustic solution
- Will penetrate the most baked on crust
- Allows for both fast and long term attack with minimal degradation of surfaces
- Excellent for pre-treating oil stains on concrete, car hoists, workshop equipment & oil change facilities benefit from presoaking the oil stains hours before cleaning
- Originally developed to clean old garbage trucks before repainting
- Will not damage wires or hoses in engine compartments, but it may mark the paint

<b>69404</b>	Duo Purple Power 20L
<b>69609</b>	Duo Purple Power 200L

### DUO MAG WHEEL CLEANER

Mag Wheel Cleaner is a safe to use heavy duty alloy wheel and brake dust cleaner which composed of a water based organic acid cleaner.

It does not contain dangerous hydrofluoric acids and is very safe for the operator and is environmentally friendly.

- Produces a gleaming shine for mag, alloy, and chrome wheels
- Provides speedy removal of brake dust, grease, road grime, oil, and dirt
- Spray-on, hose-off for a sparkling finish

<b>82475</b>	Duo Mag Wheel Cleaner 20L

### DUO TYRE GLAZE (SILICONE FREE)

Tyre Glaze is a silicone free tyre and bumper shiner that provides a long lasting wet look to tyres, rubber and similar surfaces.

Tyre Glaze is suitable for tyres, mudflaps, mouldings & vinyl trims.

- Non silicone water based tyre treatment and rejuvenator
- Ideal for situations where a quick and cost effective solution is required
- Popular with automotive paint and panel repairs shops due to silicone tyre shines causing paint finish problems
- Silicone can also cause floor surfaces to become slippery over time if repetitively used in the same area, where Tyre Glaze will typically not cause surfaces to become slippery
- Will not have the longevity of a silicone tyre shine and the products effective life is shortened in wet weather

49920

Duo Tyre Glaze (Silicone Free) 20L

### DUO VINYL REVIVE

Vinyl Revive is specially formulated for use on surfaces such as tyres, vinyl, plastic & leather furniture, but not on vinyl floors.

Vinyl Revive provides excellent protection against sun damage to interiors, rejuvenates surfaces & leaves a pleasant lime fragrance.

- Silicone emulsion based product specially designed for internal vinyl protection
- Provides an easy way to clean, protect, shine rubber, vinyl & plastic
- Efficiently rejuvenates vinyl & rubber surfaces while protecting from sun damage
- Often compared with other surface cleaners and treatments for automotive use and consistently is favoured
- Helps guard against UV damage

### DUO PREMIUM BRAKE CLEANER

Premium Brake Cleaner is a versatile heptane based cleaner that effectively cleans away oil, dirt, grease & dust from parts & is less toxic compared to other hexane based formulations.

Premium Brake Cleaner contains 100% solvents to ensure fast evaporation of the product thereby leaving no residue on the surface being cleaned.

- Hydrocarbon solvent based cleaner containing Heptane as the active ingredient
- Heptane is less toxic compared to other hexane based (cheaper) formulations
- Superior in performance & evaporation compared to cheaper hexane formulations
- Consists of 100% high flash point solvents ensuring fast evaporation
- Versatile solvent cleaner that effectively cleans oil, dirt, grease and dust
- It evaporates quickly and leaves no residue after cleaning
- Economical and efficient to use and is an ideal cleaner prior to painting

### DUO PARTS WASHING FLUID

Parts Washing Fluid is made for use in all types of Parts Washing Machines as well as a safety solvent with a high flashpoint in applications with hot water.

Parts Washing Fluid will effectively dissolve most dirt & grease from a wide variety of parts by using a blend of high quality & effective solvents.

- To be used in parts baths, tubs and parts washing machines
- Non-flammable solvent formulation for use when flammable sources are present
- Has a higher flash point than most other parts washing fluids
- Product will evaporate at a considerably slower rate than other fluids
- Emulsifies well and breaks at a high rate
- Can be used across many industries including trucking, automotive, agriculture, general industry, mining, defense and many more

### DUO DUCO PREP

Duco Prep is a hydrocarbon based solvent commonly used for preparing metal surfaces prior to painting & can also be used to thin oil-based paints, clean paint brushes and equipment after painting.

- Cleaning solvent specifically designed for initial surface preparation before painting
- Works extremely well to remove hard to clean elements like wax, grease, silicone, dirt, tar, insect remnants, road film and pin stripe adhesives
- Specifically designed solvent blend for all preparative surface cleaning of motor vehicles
- Dries clean with no residues, leaving the surface dry & ready to paint
- No aromatic hydrocarbon ingredient & also has low toxicity rating
- Will not dull or react with any finished surface or affect duco of any type
- Excellent for the removal of protective wax and glue residues on new vehicles

**32020** Duo Duco Prep 20L

### HD CITRUS PLUS

HD Citrus Plus is a highly concentrated citrus and solvent based degreaser designed for removing adhesives, tars, oil and grease.

HD Citrus Plus can also be used for both general domestic cleaning as well as heavy duty cleaning for automotive and manufacturing industries.

- Biodegradable Cleaner specifically blended cleaner made from 100% natural raw materials
- Utilises the acid from orange peels and the distilled solvent from sugar cane
- Fantastic multi use cleaning product with no overwhelming vapours
- Removes all types of adhesives
- Effective graffiti remover
- Dissolves wax, crayon, tar, sap & crater grease
- Very effective product for degreasing, dewaxing, adhesive removal, gum, ink, dye, sap, wax, graffiti, tar crater grease and many more

**89520** HD Citrus Plus 20L

### BITUMEN & TAR REMOVER

Bitumen and Tar Remover is formulated specifically to remove Bitumen & Tar effectively from all different types of surfaces.

Bitumen & Tar Remover has seen its use expand to a broad range of industries including oil and gas, automotive, truck, government and industrial users.

- Aggressive and highly effective performance achieved through carefully formulated blend of multiple surfactants, solvents, wetters and proprietary ingredients
- The thickness of the product is designed to ensure the active ingredients remain in contact with the target bitumen, grease and grime on the surface being cleaned
- Suitable for use in both hot and cold climates
- Not prone to thickening or solidification in very cold climates
- Emulsifies extremely well and breaks at a high rate

**79520** Duo Bitumen and Tar Remover 20L

### ECO CITRA SCRUB HAND CLEANER

Eco Citra Scrub is an orange-red, gritty, environmentally friendly & naturally formulated citrus-based hand cleaner that will leave your hands feeling fresh & clean. Its powerful formulation removes grease, oil, industrial grime & dirt.

- Contains pure & fresh-smelling smell scent that comes from natural citrus oil
- Provides a deep clean to remove even the most stubborn grease and grime
- Large range of uses from the removal of oil and grease to the removal of stubborn printers' ink from hands
- Contains a sand free grit, that is made from organic corn husks
- Corn Husk grit makes product compatible with all types of drain systems and will prevent them from clogging up
- Australian formulation and manufacturing ensures the highest quality product
- Rigorous quality control process so the product is perfect every single time
