HOSE CLAMPS WORM DRIVE

Duo Products W3 Hose Clamps are manufactured from high-quality stainless steel (AISI 430), delivering strength, durability, and long-term corrosion resistance. The precision-engineered housing provides consistent clamping pressure and secure sealing, making them ideal for high-load and demanding applications.

- 1. IMPROVED ASYMMETRIC HOUSING**
Even distribution of forces and safe assembly
- 2. SCREW SUPPORT**
Ease of assembly due to the safe guidance of the emerging band end
- 3. MATERIAL AND CLAMPING RANGE STAMPED ON THE BAND**
Prevention of errors
- 4. ASYMMETRIC EXTENSION**
Prevents the housing from tilting over when the clamp is tightened
- 5. SHORT HOUSING SADDLE**
Applies even contact pressure
- 6. SMOOTH OR STAMPED INSIDE OF BAND**
Optimal hose protection

APPLICATIONS:

- Joining Cooling Water Lines.
- Pressurised and depressurised fuel lines and ventilation systems.
- Oil lines, sanitary applications, and machine building applications.
- Household appliances, commercial vehicles, and more, where a secure and leak-proof seal is critical.
